

ITEM**TRESHING LINE COMAS**

No.			
100.1	One Pre-grading/feeding conveyor	145	One Pressing station PA/1B
102.1	One Feeder double conveyor	146	One Motor-driven roller conveyor type TRM/900/1500
103	One Gravity feed pipe	147	One Motor-driven roller conveyor type TRM/900/1500
104	One Metering band conveyor Type TECW/800/3000	148	One Motor-driven roller conveyor type TRM/900/1500
104.1	One Elevating troughed conveyor type TECW/800/7500 with stainless steel side walls	149	One Pneumatic transport Type TP/32000
105	One Vibratory conveyor type CV/800/2000		
106	One Conditioning cylinder type CRB/1600/5000		
107	One Services cubicle		
108	One Vibratory conveyor type CV/800/2500		
109	One Elevating troughed conveyor type TECW/800/9000 with stainless steel side walls and cover	500	FILTER ROOM One Filter Type FPT/162/2000
111	One Magnetic roller	502	One inclined screws conveyor type CT/180/2000
112	One Horizontal troughed conveyor type TOCW/800/3000 with distributing discharge hopper		
113	One Feeder type CA/2/1000	601	ELECTRIC CONTROL PANELS One Electrical control cabinet
114	One Threshing line type 3R/1AC/2AC1 consisting of:		
114.1	One Tresher Comas 42 Inch		
114.1	One <i>Double</i> Classifier Comas		
114.2	One Tresher Comas 36 Inch		
114.2	One Classifier Comas		
114.3	One Tresher Comas 26 Inch		
114.3	One Classifier Comas		
115	One Vibratory screen conveyor type CVS/600/3000		
115.1	One Vibratory screen conveyors Type CVS/400/3000		
116	One Vibratory screen conveyors Type CVS/400/3000		
117	One Horizontal troughed conveyor type TOCW/600/17500 with stainless steel side walls		
118	One Elevating troughed conveyor type TEC/600/7000		
119	One Elevating troughed conveyor type TEC/600/6000		
120	One Reversible horizontal troughed conveyor type TOCR/600/2000		
121	One Inching conveyor type DM/600/2500		
122	One Pile seeking/blending silo type FIFO/2000/12170		
123			
124	One Horizontal troughed conveyor type TOCW/600/3000 with stainless steel side walls		
125	One Elevating troughed conveyor type TEC/600/11000		
137	One Horizontal troughed conveyor type TOC/600/8000		
137.1	One Elevating troughed conveyor type TEC/600/8000		
137.2	One Horizontal troughed conveyor type TOC/600/3000		
138	One Special troughed conveyor type TOC/600/4500 with wiper feed unit		
139	One Redryer/Toaster type SDTS/NST/2100/16025		
140	One Reversible horizontal troughed conveyor type TOCWR/800/3500 stainless steel construction and provided with side walls		
141	One Infrared Engineering moisture meter type TM55Eplus with single sensing head		
142	One Elevating horizontal troughed conveyor type TEOCW/600/12000 with side walls and covering panels		
144	One Inching conveyor DM/800/4500
